### The costly impact of maintaining non-strategic patents

Join us to hear IP experts from Seed IP and Forvia share insights on utilizing portfolio mining analyses to reveal what patents an organization should prune, sell or keep. This will include their thoughts on optimizing a patent portfolio to efficiently drive revenue, defend valuable IP and reduce costs.

### Because planet earth needs a good lawyer!

This May, we kicked off our first fundraising effort of the year in partnership with Charity Miles to raise funds for [Earthjustice](#), a nonprofit public interest environmental law organization. Every mile our team records by walking, running, biking, or hiking raises funds for Earthjustice and furthers our commitment to environmental sustainability through the UnitedLex [Upward!
