It's that time of year again!

According to a survey of 11k+ educators in the Kids In Need Foundation's network, at least 3 out of 4 students show up on the first day of school without the necessary supplies to learn. At the [UnitedLex Upward! Foundation](#), we are gearing up to help close that gap by filling hundreds of backpacks with essential supplies for students in the Richmond and Kansas City areas.

Thank you for reading this month's *Data Matters* newsletter. We hope you found it valuable! Please share it with your colleagues and professional network, and visit [our website](#) for more resources and information. We look forward to connecting with you again next month.
